This Key Information Memorandum (KIM) sets forth the information, which a prospective investor ought to know before investing. For further details of the Scheme/Mutual Fund, due diligence certificate by the AMC, Key Personnel, investors’ rights & services, risk factors, penalties & pending litigations, etc., investors should, before investment, refer to the respective Scheme Information Document and Statement of Additional Information available free of cost at any of the Investor Service Centres or distributors or from the website www.nipponindiamf.com / www.nipponindiaetf.com

The Scheme particulars have been prepared in accordance with Securities and Exchange Board of India (Mutual Funds) Regulations 1996, as amended till date, and filed with Securities and Exchange Board of India (SEBI). The units being offered for public subscription have not been approved or disapproved by SEBI, nor has SEBI certified the accuracy or adequacy of this KIM. This KIM is dated October 23, 2019.
### Investment Objective
The investment objective of Nippon India ETF Liquid BeES is to seek to provide current income, commensurate with low risk while providing a high level of liquidity through a portfolio of Tri-party repo/Repo & Reverse Repo. The scheme will provide returns that before expenses, closely correspond to the returns of Nifty 100 Index.

There can be no assurance or guarantee that the investment objective of the scheme will be achieved.

### Asset Allocation Pattern of the Scheme

<table>
<thead>
<tr>
<th>Instruments</th>
<th>Indicative asset allocation (% of total assets)</th>
<th>Risk Profile</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tri-party repo/Repo &amp; Reverse Repo</td>
<td>95%-100%</td>
<td>Low</td>
</tr>
<tr>
<td>Other Money Market instruments</td>
<td>0-5%</td>
<td>Low</td>
</tr>
</tbody>
</table>

The investment manager in line with the investment objective may alter the above pattern for short term and on defensive consideration. The AMC reserves the right to change the above asset allocation pattern in the interest of the investors depending on the market conditions for a short term period of defensive consideration. In case of any deviation from the asset allocation, the fund manager will carry out re-balancing within 7 days. Where the portfolio is not re-balanced within 7 days, justification for the same shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the scheme.

### Investment Strategy
The AMC uses a “passive” approach to try and achieve Scheme’s investment objective. Unlike other Fund, the Scheme does not try to “beat” the markets. The AMC does not make any judgments about the investment merit of a particular instrument or a particular industry segment nor will it attempt to apply any economic, financial or market analysis.

The scheme will invest at least 95% of its total assets in Tri-party repo/Repo & Reverse Repo. The scheme may hold up to 5% of their total assets in other money market instruments (including cash and cash equivalent). Please refer the Scheme Information Document for details.

### Risk Profile of the Scheme & Risk Mitigation

**A. Risks pertaining to the Scheme**

1. **Market Risk:** The NAV of the Scheme will react to the Securities market movements.
2. **Market Trading Risks:** There can be no assurance that an active secondary market will develop or be maintained. Trading in the Units of the Scheme may be halted because of market conditions. Units of the Scheme may trade in prices which can be above or below their NAV.
3. **Volatility Risk:** The Securities markets are volatile and the value of Securities correlated with the equity markets may fluctuate dramatically from day to day.
4. **Asset Class Risk:** The returns from the types of Securities in which the scheme invests may underperform the various general Securities markets or different asset classes.
5. **Risk Pertaining to Investments in Derivative Instruments:** Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor.
6. **Additional risk pertaining to the Scheme**

**C. Risks associated with investing in Debt Securities**

1. **Interest Rate Risk:** The Scheme’s NAV will react to interest rate movements. This risk shall be mitigated by investment in short term Securities as they are less volatile to interest rate movements. In case of Tri-party repo, the rate of interest, from time to time, depends upon the number of borrowers at the point of time and the amount to be borrowed by such borrowers.
2. **Reinvestment Risk:** Investments in debt Securities may carry reinvestment risk as interest rates prevailing in the market may differ from the original coupon. This risk shall be mitigated by investment in short term Securities.
3. **Spread Risk:** Investments in corporate bonds are exposed to the risk of spread widening between corporate debt Securities and Gilts. This risk shall be partly mitigated by investment in short term Securities. The spread between Money Market Instruments and Gilts is relatively small for short maturities.
4. **Liquidity or Marketability Risk:** This refers to the ease at which a Security can be sold at or near its true value. As liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Fund for Redemption of Units may be significant in the event of an inordinately large number of Redemption requests or restructuring of the Scheme. This risk shall be mitigated by maintaining adequate investment in liquid Money Market Instruments such as Tri-party repo and having staggered maturities of fixed term instruments.
5. **Credit Risk or Default Risk:** Credit Risk is the risk that the issuer of a Security may default on interest payments or even paying back the principal amount on maturity.

---

**Plans and Options**

**Applicable NAV for Subscriptions /Redemptions**

<table>
<thead>
<tr>
<th>Period</th>
<th>NAV Calculation</th>

</thead>
</table>
| Preceding the next Working Day; Utilization on the same day without availing any credit facility, whether, intra-day or otherwise - the closing NAV of the day immediately preceding the day of receipt of application;.
| 1. Cut-off timing for Subscriptions: 1. where the application is received up to 1:30 p.m. on a day at the Official Point(s) of Acceptance and the entire funds are available for utilization before the cut off time without availing any credit facility, whether, intra-day or otherwise - the closing NAV of the day immediately preceding the day of receipt of application;  
2. where the application is received after 1:30 p.m. on a day at the Official Point(s) of Acceptance and the entire funds are available for utilization on the same day without availing any credit facility, whether, intra-day or otherwise - the closing NAV of the day immediately preceding the next Working Day; |

---

**Investors / Unit holders to note that the below mentioned Cut-off time are not applicable to transactions undertaken on a recognised stock exchange and are only applicable to transactions undertaken at the Official Points of Acceptance.**
iii. irrespective of the time of receipt of application, where the funds are not available for utilization before the Cut-off time without availing any credit facility, whether, intra-day or otherwise - the closing NAV of the day immediately preceding the day on which the funds are available for utilization.

Creation of Units in such Schemes will be done only after full sighting of cash / portfolio deposit in such Scheme’s accounts

For allotment of Units in respect of Purchase, it shall be ensured that Application is received before the applicable Cut-off time.

i. Funds for the entire amount of Subscription /Purchase as per the application are credited to the bank account of the respective liquid Scheme before the Cut-off time.

ii. The funds are available for utilization before the Cut-off time without availing any credit facility whether intra-day or otherwise, by the respective liquid Scheme.

The above provisions of Cut-off timings for Subscriptions are applicable for Purchase of Units directly with the Fund. However, Nippon India ETF Liquid BeES, being an Exchange Traded Fund (ETF), the above provisions will not be applicable for Purchase of Units on the stock exchanges in which case the timings of the stock exchanges will be applicable.

(2) Cut off timing for Redemptions:

(a) In respect of valid applications received upto 3.00 pm by the Fund, the closing NAV of the day immediately preceding the next Working Day.

(b) In respect of valid applications received after 3.00 pm by the Fund, closing NAV of the next Working Day shall be applicable.

As the Units issued under the Scheme are listed, the provisions of the Cut-off time are not applicable.

Minimum Application Amount / Number of Units

| A. Directly with the Fund | Minimum number of Units (Creation Units) – Purchase: 2,500 units and in multiples of 1 Unit thereof. |
| B. On the Exchange | The Units of the Scheme are listed on the Capital Market Segment of the National Stock Exchange of India Ltd. (“NSE”). On NSE, the Units of Scheme can be Purchased / sold in a minimum lot of 1 Unit and in multiples thereof. |

Dispatch of Repurchase (Redemption) Request

For Redemption request received directly with the Fund

The Redemption or repurchase proceeds shall be dispatched to the Unit holders within 10 Working Days from the date of Redemption or repurchase.

Payment of proceeds

The Fund will dispatch the Redemption proceeds within 10 Working Days from the date of acceptance of the Redemption request.

Benchmark Index

Nifty 1D Rate Index

Dividend Policy

The Fund will endeavour to declare Dividend on a daily basis so as to maintain the NAV of the Units of the Scheme at its face value of Rs.1,000/-. The Fund will declare Dividend only if the NAV of the Scheme is above its face value and Dividend declaration will be solely at the discretion of the Fund/AMC. Dividend declared on daily basis will be compulsorily reinvested in the Scheme and Units arising out of Dividend reinvestment will be credited to the account of the investor with the Depositary Participant. Dividend will accrue on Saturday and Sunday also.

The Scheme will follow the requirements stipulated in the listing agreement for declaration of dividend

As the Units of the Scheme are in demat, the holding statement issued by the Depository Participant would be deemed to be adequate compliance with requirements of SEBI regarding dispatch of statements of account with respect to Units issued due to reinvestment of Dividend.

Fractional Units

The reinvestment of Dividend in the Scheme may result in the fractional Units. The Units will be allotted upto three decimals. The Scheme provides for buy back of Fractional Units on ongoing basis.

Please refer the Statement of Additional Information for details on unclaimed Redemptions and Dividends.

Name of the Fund Manager

Siddharth Deb has been managing the Scheme since November 2012.

Name of the Trustee Company

Reliance Capital Trustee Company Limited

</tbody>
</table>

NA has been mentioned for instances where the benchmark data for corresponding period is not available.

Past performance may or may not be sustained in future and should not be used as a basis for comparison with other investments.

Returns since inception are calculated from the date of allotment i.e. July 8, 2003. Returns are based on gross Dividend per Unit declared by the Fund for the respective period. Actual dividend in the hands of each Investor will vary based on category and rate of dividend distribution tax applicable thereon. Dividends are assumed to be reinvested at the prevailing NAV. Distribution taxes are excluded while calculating the returns. After payment of Dividend, NAV will fall to the extent of the payout and statutory levy (if applicable).
Expenses of the Scheme

(i) Load Structure

Entry Load : Nil
Exit Load : Nil

Investor other than Authorised Participants/Large investors can directly approach AMC for redemption in less than creation unit size and no exit load shall be charged for redemption of units if:

a) Traded price of the ETF units is at discount of more than 3% for continuous 30 days, or
b) Discount of bid price to NAV over a period of 7 consecutive days is greater than 3%, or
c) No quotes are available on exchange for 3 consecutive trading days, or
d) Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days.

In such a scenario valid applications received upto 3 p.m. the Mutual Fund shall process the redemption request basis the closing NAV of the day of receipt of application. Such instances shall be tracked by RNAM on an ongoing basis and incase if any of the above mentioned scenario arises the same shall be disclosed on the website of Nippon India Mutual Fund i.e. www.nipponindiamf.com / www.nipponindi-etf.com

For the current applicable structure, please refer to the website of the Mutual Fund, www.nipponindiamf.com / www.nipponindiaetf.com or call at (toll free no. 1800 300 11111) or your distributor.

There is no Entry/Exit Load for creation/Redemption of the Units of the Scheme in Creation Unit size. However, during the process of creation/Redemption there will be transaction costs and other incidental expenses. Please refer the Scheme Information Document for details.

Any change in the Load structure shall apply on a prospective basis and in no case the same would affect the existing Investors adversely.

The Investor is requested to check the prevailing Load structure of the Scheme before investing. For any change in Load structure, AMC will issue the notice and display it on the AMC Website / Investor Service Centres.

The Mutual Fund may charge Load within the stipulated limit of 7% and without any discrimination in favor of any specific group of Unit holders. The AMC will ensure that the Redemption Price will not be lower than 93% of the NAV and difference between the Redemption Price and Purchase Price will not exceed 7% calculated on the Purchase Price.

(ii) Recurring expenses

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC would update the current expense ratios on the website of the mutual fund at least three working days prior to the effective date of the change. Further Actual Expense ratio will be disclosed at the following link https://www.nipponindiamf.com/investor-services/downloads/total-expense-ratio-of-mutual-fund-schemes

The Scheme shall not incur any distribution expenses and no commission shall be paid by this scheme.

Illustration – Impact of Expense Ratio on the Returns

| Value of Rs 1 lac on 12% annual returns in 1 year, considering 1% Expense Ratio |
|----------------------------------|------------------|
| Amount Invested                  | 100,000.00       |
| NAV at the time of investment    | 10.00            |
| No of Units                      | 10,000.00        |
| Gross NAV at end of 1 year (assuming 12% annual return) | 11.20 |
| Expenses (assuming 1% Expense Ratio on average of opening and closing NAV) | 0.11 |
| Actual NAV at end of 1 year post expenses (assuming Expense Ratio as above) | 11.09 |
| Value of Investment at end of 1 year (Before Expenses) | 112,000.00 |
| Value of Investment at end of 1 year (After Expenses) | 110,940.00 |
Note: Please note that the above is an approximate illustration of the impact of expense ratio on the returns, where the Gross NAV has been simply reduced to the extent of the expenses. In reality, the actual impact would vary depending on the path of returns over the period of consideration. Expenses will be charged on daily net assets.

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience but the total expenses shall not exceed the limits permitted by SEBI. Types of expenses charged shall be as per the SEBI (MF) Regulations. The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly.

Goods & Service tax on investment management and advisory fees, to the Scheme will be, in addition to the maximum annual recurring expenses that may be charged to the Scheme.

Goods & Service Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the SEBI Regulations.

Mutual Funds/AMCs will annually set apart at least 2 basis points on daily net assets within the maximum limit as per regulation 52 of the SEBI Regulations for investor education and awareness initiatives.

However, no Investment Management fees would be charged on RNAM’s investment in the Scheme. The Trustee Company, shall be entitled to receive a sum computed @ 0.05% of the Unit Capital of all the Schemes of NIMF on 1st April each year or a sum of Rs.5,00,000/- whichever is lower or such other sum as may be agreed from time to time in accordance with the SEBI Regulations or any other authority, from time to time.

The total expenses of the ETF scheme including the investment management and advisory fee shall not exceed One percent (1%) of the daily net assets and such other limits as stated in Regulation 52(6).

AMC is free to allocate the above list of expenses within the overall maximum limit prescribed under SEBI (Mutual Funds) Regulations, 1996, which means there will be no internal sub-limits on charging of any particular expense in the scheme.

In terms of Regulation 52(1) of SEBI (Mutual Funds) Regulations, 1996, all scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, will necessarily be paid from the scheme only within the regulatory limits and not from the books of AMC, its associate, sponsor, trustee or any other entity through any route. Provided that the expenses that are very small in value but high in volume may be paid out of AMC’s books. Such expenses shall be paid out of AMC books at actuals or not exceeding 2 bps of respective scheme AUM, whichever is lower.

List of such miscellaneous expenses may be provided by AMFI in consultation with SEBI or as specified/amended by AMFI/SEBI from time to time.

In addition to the limits specified in regulation 52(6), the following costs or expenses may be charged to the scheme as per new sub-regulation 6A, namely:

(a) Brokerage and Transaction costs incurred for the execution of trades may be capitalized to the extent of 0.12 per cent of the value of trades in case of cash market transactions and 0.05 per cent of the value of trades in case of derivatives transactions. Payment towards brokerage and transaction costs incurred for the execution of trades, over and above the said 0.12 per cent for cash market transactions and 0.05 per cent for derivative transactions may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Any expenditure in excess of the said prescribed limit (including brokerage and transaction costs, if any) shall be borne by the AMC or by the Trustee or Sponsors.

(b) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such specified investors and cities as specified by the Board from time to time are at least -

(i) 30 per cent of gross new inflows in the scheme, or;
(ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher

Provided that if inflows from such cities is less than the higher of sub- clause (i) or sub- clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis.

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities.

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

The Fund will strive to reduce the level of these expenses so as to keep them well within the maximum limits allowed by SEBI. Expenses on an ongoing basis will not exceed the percentage of the daily net assets or such maximum limits as may be specified by SEBI Regulations from time to time.

The recurring expenses incurred in excess of the limits specified by SEBI (MF) Regulations will be borne by the AMC or by the Trustee or the Sponsor.

Actual Expenses for the previous financial year (2018-2019) (as % of daily net assets) (Annualised): 0.65%

Accounts statement / transaction alert (on each transaction). Annual financial results and Half yearly portfolio disclosure shall be provided to investors by post or published or in such other manner as per SEBI Regulations. Investors are requested/ encouraged to register/update their email id and mobile number of the primary holder with the AMC/RTA through our Designated Investor Service Centres (DISCs) in order to facilitate effective communication. Employee Unique Identification Number (EUID) would assist in tackling the problem of misselling even if the employee/relationship manager/sales person leave the employment of the distributor. For further details on the Schemes, investors are advised to refer to the Scheme Information Document and Statement Of Additional Information.

Portfolio Turnover Ratio of the Scheme

Portfolio turnover is the term used by the Mutual Fund for measuring the amount of trading that occurs in a Scheme's portfolio during a specified period of time. The Scheme is an open ended Scheme. It is therefore expected that there would be a number of Subscriptions and Redemptions on a daily basis. There may be frequent transaction to buy and sell the Securities resulting in increase in transaction cost. At the same time frequent transactions may increase the profits and which can offset the increase in cost. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. However, the Fund Manager will endeavour to optimize the portfolio turnover to minimize risk and maximize gains while keeping in mind the cost associate with such transaction.

Portfolio turnover for a liquid scheme is the average maturity period of the securities held by such scheme.

Average maturity of the portfolio of the Scheme is 1.15 days as on 30/09/2019

HOW THE SCHEME IS DIFFERENT FROM THE EXISTING OPEN ENDED EXCHANGE TRADED FUNDS OF THE MUTUAL FUND

Nippon India ETF Bank BeES

Investment Strategy:

The investment objective of Nippon India ETF Bank BeES is to provide returns that, before expenses, closely correspond to the total returns of Bank Securities as represented by the Nifty Bank Index. There can be no assurance or guarantee that the investment objective of the Scheme will be achieved. Investment Strategy: The AMC uses a “passive” or indexing approach to try and achieve the Scheme’s investment objective. Unlike other Funds, the Scheme does not try to “beat” the markets it tracks and does not seek temporary defensive positions when markets decline or appear over valued. The AMC does not make any judgments about the investment merit of a particular stock or a particular industry segment or the underlying nor will it attempt to apply any economic, financial or market analysis. Indexing eliminates active management risks with regard to over/ underperformance vis-à-vis a benchmark. The Scheme shall invest all of its funds as per its investment objective and asset allocation pattern, except to meet its liquidity requirements. Differentiation: Nippon India ETF Bank BeES endeavors to track and generate returns similar to its benchmark Nifty Bank TRI by investing in its index constituents and money market instruments. The Fund follows a passive strategy of management with endeavor to generate similar returns to its benchmark.

Month End AUM (Rs. Cr) as on September 30, 2019: 7605.30. No. of Folios as on September 30, 2019: 7521

Nippon India ETF Gold BeES

Investment Strategy:

The AMC uses a “passive” or indexing approach to try and achieve the Scheme’s investment objective. Unlike other Funds, the Scheme does not try to “beat” the markets it tracks and does not seek temporary defensive positions when markets decline or appear over valued. The AMC does not make any judgments about the investment merit of a particular stock or a particular industry segment or the underlying nor will it attempt to apply any economic, financial or market analysis. Indexing eliminates active management risks with regard to over/underperformance vis-à-vis a benchmark. The Scheme shall invest all of its funds as per its investment objective and asset allocation pattern, except to meet its liquidity requirements. Differentiation: Nippon India ETF Gold BeES endeavors to track and provide similar returns to its benchmark- the domestic prices of gold through investment in physical gold and money market instruments. The fund follows a passive investment strategy and endeavors to generate returns similar to its benchmark. The fund is benchmarked to physical price of gold.

Nippon India ETF Nifty BeES

Investment Strategy:

The AMC uses a “passive” or indexing approach to try and achieve the Scheme’s investment objective. Unlike other Funds, the Scheme does not try to “beat” the markets it tracks and does not seek temporary defensive positions when markets decline or appear over valued. The AMC does not make any judgments about the investment merit of a particular stock or a particular industry segment or the underlying nor will it attempt to apply any economic, financial or market analysis. Indexing eliminates active management risks with regard to over/underperformance vis-à-vis a benchmark. The Scheme shall invest all of its funds as per its investment objective and asset allocation pattern, except to meet its liquidity requirements. Differentiation: Nippon India ETF Nifty BeES endeavors to track and provide similar returns to its benchmark- Nifty 50 TRI by investing in its index constituents and money market instruments. The Fund follows a passive strategy of management with endeavor to generate similar returns to its benchmark.
